YOUR and YOUR EMPLOYEES WILL SAVE

Employees who exercise regularly are more productive, healthier and have less impact on your health insurance and workers compensations costs. So you save while your employee saves 10% on their first year membership.

We will come to your workplace and provide information to your employees about this valuable benefit. Some employers even set up center dues on payroll deduction.

If you have any questions or would like to arrange a personal tour, call 860.429.3015 today. Or just stop in for a visit. We'd love to show you all the Community Center has to offer your employees.
